3	can i buy valtrex over the counter	Traders had grown concerned about the outlook due to the plunge in oil prices and weakness outside the United States, particularly in China. Last week's euphoria over the Federal Reserve's interest rate rise, which had boosted overall confidence in the economy, had also started to give way to caution about the bank's plans for its next rise. "Consumer spending looks like it's helping the US economy," James Lindsay, an Auckland-based fund manager at Nikko Asset Management, told Bloomberg News. "Volumes tend to get pretty light at this time of year
